Work Progressing.—The work of clearing the 11-acre tract to be used for the proposed new reservoir is proceeding in a satisfactory manner and Contractor Goodin states that he expects to have the labor completed in about three weeks. According to the contract the work is to be finished by the 1st of August. The excavation for the new reservoir will probably be commenced shortly after bids have been received and accepted for doing the work. It is the intention of the water commission to advertise for bids immediately upon the completion of the clearing. The reservoir when completed will contain three times the amount of water that the present reservoir holds.

Medical Association Meeting.—Last night in the office of Dr. Pilkington, the Clatsop County Medical Association held its regular monthly meeting. There was a good attendance, the members of the school board and others being present to listen to the addresses by the physicians. The subject discussed was school hygiene and different means were discussed whereby health facilities in the schools might be improved. City Physician Mohr gave an interesting address on the subject "A Few Points of the Hygiene of the City High School." These monthly meetings of the association are coming to be not only popular to the physicians themselves, but also to the general public.

Monthly School Report.—The report of City School Superintendent Clark for the month of May has been completed and shows that the total monthly enrollment was 1272, out of a total of 1537 registered. The banner room for the month was room 4 in Alderbrook, with a percentage of attendance of 99.7 and 100 per cent in punctuality. The Alderbrook school is the banner school for the month, having a percentage of 99.4 in attendance and 100 in punctuality. Superintendent Clark states that he will have the report for the entire school year completed in a few days and ready for inspection.

Short Game.—Because of the rain interfering with the completion of the game the baseball contest between the sailors from the destroyers Paul Jones and Preble, and Shamrocks of this city, was stopped, and only four innings were played. When the game was called the score stood five to three in favor of the sailors. The sailors scored three in the first inning, and two in the fourth, and the Shamrocks ran up three in the first. The sailors have a strong team and know the game.

Welcome As The Rest.—The exchange table of the Astorian has been amplified by the receipt of the Woman's Tribune, the second of the two papers published in the United States in support of the doctrine of woman's suffrage, the other being published at the eastern extremity of the continent, in Boston. The Tribune is a tidy, well-edited sheet, thoroughly devoted to its chosen cause, and finds a welcome in this office along with the rest of the papers received here.

Garbage Matters.—It seems the council did not impose a license of \$25, on the Chinese gardeners who are in the habit of collecting garbage around the city, but it did put them under restrictions as to time of gathering up the stuff, because it was deemed they were getting careless. They are required to work the business section before 8:30 in the morning, and the residential district some time later in the forenoon.

Petty Thieves.—Complaint reached this office yesterday morning of a deliberate invasion of the beautiful gardens of Captain William Starr, in Uppertown, by vandals who are not satisfied with stealing the blooms, but must recklessly trample down the beds and destroy far more than they steal. It is a shame that such invaders cannot be overtaken by the authorities and put where flowers are at a premium, for a good long spell.

Funeral Today.—The funeral of the late Charles Isakson will take place this afternoon from the Pohl undertaking parlors under the auspices of the Finnish Brotherhood. The interment will be in Greenwood cemetery.

AFTER FISH TRAPS

Fishermen's Union Will Stop Trap men's Encroachments.

INVESTIGATION IS MADE

Secretary Lorntsen, Ed. Rosenberg of Union and Colonel Roessler Look Into Situation Around Point Ellis—Suits Instituted.

H. M. Lorntsen, secretary of the Columbia River Fishermen's Union, and Ed. Rosenberg, secretary of the United Fishermen of the Pacific, the latter the executive officer of the federation of Fishermen's Unions organized in the city a few months ago, have received a great deal of complaint from the fishermen on the Columbia river relative to the manner in which the fish traps were encroaching on their rightful grounds, and in order that justice might be done to all parties concerned have made a thorough investigation of the conditions.

Yesterday in speaking of the result of their inquiry they stated that after a thorough investigation, the fishermen of the Columbia river had found that many traps were in violation of the permits granted them by the Federal government, in going outside the limits set for them; thus shoaling the navigable waters of the river and driving the fishermen from common fishing grounds.

The fishermen also discovered that the traps around Point Ellis practically drove them from the fishing grounds, which have been used in common by both trapmen and fishermen for the past 30 years, and even prevented them from getting around the point during strong tides, endangering their boats and lives.

Suits have already been started in the Washington courts against some of the traps, Judge Miller of Vancouver, being retained by the Fishermen's Union to represent their interests. Last Friday the union lodged complaint against the encroachments of these traps with Colonel Roessler, chief of the government engineer department for this district. That gentleman in company with Mr. Lorntsen and Mr. Rosenberg yesterday went on the government steamer Arago to the disputed points, and Mr. Rosenberg was then shown the traps in question, which had been the source of all the complaint. The inspection party returned in the afternoon, and Messrs. Lorntsen and Rosenberg feel assured that in the near future those violating the law will be brought to task, and the traps jeopardizing the lives and interests of the fishermen will be restricted.

Dies In Everett.—Carl Hansen, a former resident of this city died yesterday morning in Everett, Wash., of Bright's Disease, aged about 65 years. The deceased was engaged in the grocery business in Astoria for nearly 20 years, and left this city about six years ago. The store was conducted under the name of Parker & Hansen. The remains will be interred in Everett.

Shifting Titles.—The City of Astoria yesterday passed the title of a parcel of ground in block 8, of the Hustler-Aiken tract, to John Chitwood, for the sum of \$89, in justification of a tax lien due in that figure. And Mattie S. Staples and her husband, Morris Staples, sold lots 15 and 16, in block 60, of the Port of Upper Astoria, for the sum of \$1200.

Married Yesterday.—Shortly after County Clerk J. C. Clinton had issued the necessary license in the premises, Mr. Grayson L. Vorth of Portland, and Miss Sadie Anita Settle, of this city, were married by Rev. L. J. Trumbull, of the First Baptist church, in the parsonage parlors. The happy couple left for the metropolis on the 6:10 express last evening.

Dorcas Society.—The Dorcas Society will meet today at the home of Miss Annie Basil. All members are cordially invited to be present.

FUNERAL NOTICE.

The members of the Finnish Brotherhood are requested to meet at their hall at 1 p. m. today Friday, to attend the funeral of our late brother, Charles Isakson.

E. GUSTAFSON, President.

Belgium with its forty-two miles of sea coast and its colonial possessions is one of the few civilized nations of the world without a navy. There are only two other navyless nations in Europe—Switzerland and Servia. Bulgaria, hardly a great sea power, has a torpedo gunboat and a few small steamers, while Roumania is proud in the possession of 'twelve small vessels.' Holland, Belgium's neighbor has quite an imposing fleet of eight ironclads and a flotilla of one hundred steamers. If Bulgaria has the smallest navy in the world the tiny principality of Monaco has the smallest army—126 men all told.

An old time doctor says that there are five ways to cure a cold. Bathe the feet in hot water and drink a pint of hot lemonade, then sponge with salt water and remain in a warm room. Or bathe the face in hot water every five minutes for an hour. Or sniff up the nostrils hot salt water every three hours. Or inhale ammonia or menthol. Or take four hours active exercise in the open air. Sixthly, twenty-four hours in bed is said to be able to break up the severest cold. There are several other cures for cold but we can not vouch for them all.

NOTICE TO THE TRAVELING PUBLIC.

To facilitate the movement of Seaside travel during the present season, and in order to avoid delays caused by frequent stops of heavy trains, the A. & C. R. R. will, on and after June 30th, until further notice, discontinue stopping through trains from Portland at points on its Seaside division between Warrenton and Gearhart, in both directions, and passengers for Skipanon, Morrison, Glenwood, Carnahan, West, Clatsop and Butterfield, must use trains leaving Astoria at 8:15 a. m., 11:30 a. m., or 5:50 p. m., daily, and trains leaving Seaside at 6:50 a. m., 9:40 a. m., or 2:30 p. m., daily. Trains leaving Astoria at 11:35 a. m., daily and 6:05 p. m., Saturday only, and train leaving Seaside at 5:00 p. m., daily, are through trains and will not handle passengers or baggage for points shown above.

J. C. MAYO, General Passenger Agent, Astoria, Ore., June 25, 1906. 6-26-10t.

Here is a little problem which was gotten up by a man who must have a longer head than a Philadelphia lawyer:

Take the number between one and nine. Add one. Multiply by nine. Drop the left hand or first figure of the two comprising the result. Add fourteen. Add the original number. The answer is twenty-three. Just why the answer is always twenty three irrespective of the number originally selected, is not obvious, but the stubborn fact remains that it is twenty-three. You can take one, two, three, four, five, six, seven, eight or nine and the answer is always the same.

A Word of Warning

Don't buy substitutes for Mennen's Borated Talcum Powder. "Just as good" is only a deceit by which a dealer tries to make money out of the superiority and success of Mennen's Powder. There's nothing just as good as Mennen's and users of substitutes and imitations risk skin, complexion and comfort in doing so.

As a protection to health use Mennen's Powder and only Mennen's. Have you tried Mennen's Violet Borated Talcum Toilet Powder? Ladies partial to violet perfume will find Mennen's Violet Powder fragrant with the odor of fresh plucked Parma Violets.
